Vernon

CHRISTUS Health Plan

2023 Formulary

Revised: October 05, 2022

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

Note to members:

When this drug list (formulary) refers to “we,” “us”, or “our,” it means CHRISTUS Health Plan. When it refers to “plan” or “our plan,” it means CHRISTUS Health Plan.

This document includes a list of the drugs (formulary) for our plan, which is current as of formulary revision date.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2023, and from time to time during the year.

What is the CHRISTUS Health Plan Formulary?

A formulary is a list of covered drugs selected by CHRISTUS Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. CHRISTUS Health Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a CHRISTUS Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2023 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2023 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of October 05, 2022. To get updated information about the drugs covered by CHRISTUS Health Plan, please contact our Member Services at 1-844-282-3025 or for TTY users, 711 or visit christushealthplan.org.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

By Medical Condition:

The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, **CARDIOVASCULAR, HYPERTENSION/LIPIDS**. If you know, what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

By Alphabetical Listing:

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 92. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

CHRISTUS Health Plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** CHRISTUS Health Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from CHRISTUS Health Plan before you fill your prescriptions. If you do not get approval, CHRISTUS Health Plan may not cover the drug.
- **Quantity Limits:** For certain drugs, CHRISTUS Health Plan limits the amount of the drug that CHRISTUS Health Plan will cover. For example, CHRISTUS Health Plan provides 30 per 30 days per prescription for AFINITOR.
- **Step Therapy:** In some cases, CHRISTUS Health Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, CHRISTUS Health Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, CHRISTUS Health Plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 9. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask CHRISTUS Health Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section in your Evidence of Coverage “Prescription Drugs/Medications.”

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that CHRISTUS Health Plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by CHRISTUS Health Plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by CHRISTUS Health Plan.
- You can ask CHRISTUS Health Plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the mandatory CHRISTUS Health Plan Formulary?

You can ask CHRISTUS Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, CHRISTUS Health Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, CHRISTUS Health Plan will only approve your request for an exception if the alternative drugs included on the plan’s formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

For requests for benefits that do not involve exceptions, the Plan will provide notice of its decision within 24 hours after receiving an expedited request or 72 hours after receiving a standard request. For requests for benefits that involve exceptions, the adjudication timeframes do not begin until the member’s prescriber submits his or her supporting statement to the Plan for review. For payment requests, including payment

requests that involve exceptions, CHRISTUS Health Plan will provide written notice of its decision (and make payment when appropriate) within 14 calendar days after receiving a request.

If CHRISTUS Health Plan coverage determination is unfavorable, the decision will contain the information needed to file a request for appeal/ redetermination with the Plan.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

For more information

For more detailed information about your CHRISTUS Health Plan prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about CHRISTUS Health Plan, please contact our Member Services at 1-844-282-3025 or for TTY users, 711 or visit christushealthplan.org.

CHRISTUS Health Plan Formulary

The formulary that begins on page 9 provides coverage information about some of the drugs covered by CHRISTUS Health Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 92.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ACCUPRIL) and generic drugs are listed in lower-case italics (e.g. *furosemide*).

The information in the Requirements/Limits column tells you if CHRISTUS Health Plan has any special requirements for coverage of your drug.

Below is a list of abbreviations and that may appear on the following pages in the Requirements/Limits column that tells you if there are any special requirements for coverage of your drug.

List of Abbreviations

- 1:** Preferred Generic
- 2:** Non-Preferred Generic
- 3:** Preferred Brand
- 4:** Non-Preferred Drugs
- 5:** Specialty

\$ - Under \$100

\$\$ - \$100 - \$250

\$\$\$ - \$251 - \$500

\$\$\$\$ - \$501 - \$1000

\$\$\$\$\$ - Over \$1000

ACA: Affordable Care Act.

LA: Limited Availability. This prescription may be available only at certain pharmacies. For more information, please call Customer Service.

OTC: Over the Counter. An OTC drug is a non-prescription drug.

PA : Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

Legend:

Copay Amount by Drug Tier: You will pay either a copay or coinsurance amount for drugs in tiers 1 through 4. You will pay a coinsurance for tier 5. The amount you pay per prescription for drugs in tiers 1 through 5 may vary each time you fill a prescription. The copay and coinsurance amounts depend on the plan and metal level you selected. The chart below shows the range of copays or coinsurance you may pay. Cost sharing for specialty drugs is limited to \$150 per prescription for a standard 30-day supply. Prescriptions for birth control are not subject to deductible, and do not have a copayment.

For your specific copay and coinsurance amounts please refer to your Summary of Benefits or visit our website at www.christushealthplan.org

Tier Number	Tier Name	Copay for a one-month supply filled at a network pharmacy with standard cost-sharing
0	ACA Drugs*	\$0
1	(Preventive) Preferred Generic Drugs	\$0-\$20 or 30% or 30-50% after deductible
2	Non-Preferred Generic Drugs	\$0-\$35 or \$60-\$100 after deductible Or 30% or 30-50% after deductible
3	Preferred Brand Drugs	\$0-\$100 or \$60-\$100 after deductible Or 30% or 30-50% after deductible
4	Non-Preferred Drugs	\$0-\$80 or \$95 after deductible or 30% or 40-50% after deductible
5	Specialty Drugs	\$0-\$125 or 30%-45% or 40%-50% after deductible

*Preventive drugs (e.g. statins, aspirin, folic acid, fluoride, iron supplements, smoking cessation products and FDA-approved contraceptives for women) are available at a zero-dollar cost share if prescribed under certain medical criteria by your doctor.
