## MEMBER RIGHTS AND RESPONSIBILITIES

CHRISTUS Health Plan wants to provide high-quality health care benefits to You. As a Member of the CHRISTUS Health Plan (Plan), there are rights that you are entitled to have. You also have some responsibilities. It is important that You fully understand both Your rights and Your responsibilities under this Contract. This Section explains Your rights and responsibilities under this Contract and how You can participate in Our Consumer Advisory Board.

### NOTICE TO MEMBERS OF TEXAS HMO

A health maintenance organization (HMO) plan provides no benefits for services you receive from out-of-network physicians or providers, with specific exceptions as described in your evidence of coverage and below.

You have the right to an adequate network of in-network physicians and providers (known as network physicians and providers).

If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance at: [www.tdi.texas.gov/consumer/complfrm.html](http://www.tdi.texas.gov/consumer/complfrm.html).

If your HMO approves a referral for out-of-network services because no network physician or provider is available, or if you have received out-of-network emergency care, the HMO must, in most cases, resolve the out-of-network physician's or provider's bill so that you only have to pay any applicable in-network copayment, coinsurance, and deductible amounts.

You may obtain a current directory of network physicians and providers at the following website: [www.christushealthplan.org](http://www.christushealthplan.org) or by calling 1-844-282-3025 for assistance in finding available network physicians and providers. If you relied on materially inaccurate directory information, you may be entitled to have a claim by an out-of-network physician or provider paid as if it were from a network physician or provider, if you present a copy of the inaccurate directory information to the HMO, dated not more than 30 days before you received the service.

## ELIGIBILITY AND ENROLLMENT

### Eligibility

We make eligibility decisions from the application that You submit. You are responsible for telling us about any changes that could change Your eligibility. Examples of changes are adoption, a birth, addition of another dependent, or a divorce. To be eligible for Covered Benefits with this Contract, You must be enrolled as a Member. A Member is the person who has applied for coverage on behalf of his/herself and his/her Dependents, and to whom this Contract has been issued.

To enroll in CHRISTUS Health Plan, You must be a Qualified Individual:

- Be a citizen or natural of the United States;
- Be lawfully present in the United States, if not a citizen or natural of the United States;
- Not be incarcerated, other than incarceration pending disposition of charges;
- Be ineligible for Medicare due to age, illness or disability, other than individuals with end stage renal disease, or be over age 65 and eligible for premium-free part A, but is not collecting Social Security benefits and has not enrolled in either Part A or Part B;
- You must reside in the CHRISTUS Health Plan Service Area, or the Subscriber must reside in the Service Area, and Continue to meet these criteria.

To add a newborn and other Dependents to Your Plan you must complete an enrollment form for the Dependent and submit it to Us. You must tell Us within 31 days after the birth of a child that You wish to add as a Dependent and pay any premium required to continue the coverage. We will not exclude or limit coverage for a newborn child of the Subscriber or Subscriber's spouse; congenital defects will be treated the same as any other illness or injury for which coverage is provided. Your newborn child may receive services from Non-Participating Providers if the newborn child is born outside the Service Area due to an emergency, or is born in a Non-Participating Facility to a mother who does not have coverage. We may require that the newborn be transferred to a Participating Facility at Our expense and, if applicable, to a Participating Provider when such transfer is medically appropriate.

Notwithstanding notification eligibility requirements, a newborn child of the Subscriber or the Subscriber's spouse is entitled to coverage during the initial 31 days following birth. You may notify CHRISTUS Health Plan, either verbally or in writing, of the addition of the newborn as a covered Dependent. In addition, grandchildren living with and in the household of the Subscriber may also qualify as a Dependent. To qualify, grandchildren must be:

- Unmarried;
- Younger than 25 years of age; and

- A dependent for federal income tax purposes at the time of the application for coverage.

Coverage for a grandchild may not be terminated solely because the grandchild is no longer a dependent for income tax purposes.

**To be eligible as a Dependent, each dependent must meet the following criteria:**

Be a Dependent of a Qualified Individual eligible for coverage under Texas law; AND either

- Be enrolled at the same time as the Member; OR
- Be enrolled within 31 days of a Qualifying Event as described under the Special Enrollment Period for Dependents.

A Dependent is a Member's lawful spouse, or Domestic Partner, and children under age 26. The term "child/children" includes:

- a natural child;
- a stepchild, legally or adopted child, including children who have become subject of a suit for adoption of the Member or the Members' spouse or Domestic Partner; or
- a child for whom the Member or the Member's spouse or Domestic Partner are the legal guardian.

Unless special circumstances apply, coverage of such Dependents is limited to those under the age of twenty-six (26). Dependents over the age of 26 may qualify for continued dependent coverage if the Dependent is incapable of self-sustaining employment due to a mental retardation or physical disability, and who is chiefly dependent upon the subscriber for support and maintenance. You must submit proof of the child's mental or physical handicap and dependency to Us within thirty-one (31) days after the date the child ceases to qualify as a Dependent. Once a year, We may require proof of the continuation of the child's disability and dependence.

Any child(ren) for whom You are the permanent legal guardian must be supported pursuant to a court order imposed on You (such as a Qualified Medical Child Support Order). We will provide coverage to Dependent children as required due to a Qualified Medical Child Support Order in accordance with applicable federal or state laws or regulations. These Dependents are not bound by enrollment season restrictions. Children subject to a Qualified Medical Child Support Order are also eligible for dental benefits under this Contract.

*The Rights of Custodial Parents*

If a Dependent child has coverage under a noncustodial parent, or a parent that does not have primary custody of the child, We will provide information to the custodial parent, as necessary, for the child to obtain benefits; permit the custodial parent or the Provider to submit claims for Covered Services without the approval of the noncustodial parent; and make payments on claims

submitted in accordance with Texas law directly to the custodial parent, the Provider or the state Medicaid agency.

### *The Rights of Non-Custodial Parents*

Non-custodial parents of children who are covered under a custodial parent's Contract have rights, unless those rights have been taken away by a court order or divorce decree. Non-custodial parents are able to contact Us to obtain and provide necessary information including but not limited to Provider information, Claim information, claims payment, and benefits or services information for the child.

### **Enrollment**

Online enrollment is available at [www.christushealthplan.org](http://www.christushealthplan.org).

### **Initial Enrollment**

Coverage under this Contract shall become effective as of the date approved by CHRISTUS Health Plan.

### **Special And Limited Enrollment for Qualified Individuals**

A Qualified individual has sixty (60) days to enroll as a result of one of the following events:

- 1) A Qualified Individual or Dependent suffers a loss of Minimum Essential Coverage;
- 2) A Qualified Individual gains a Dependent or becomes a Dependent through marriage, birth, adoption, placement for adoption, placement in foster care, or through a child support order or other court order;
- 3) An individual, who was not previously a citizen, national, or lawfully present individual gains such status;
- 4) A Qualified Individual's enrollment or non-enrollment is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent, or its instrumentalities as evaluated and determined by Us. In such cases, We may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
- 5) A Qualified Individual or enrollee gains access as a result of a permanent move;
- 6) Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended;
- 7) A Qualified Individual or enrollee demonstrates to Us, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as We may provide.

- 8) A Qualified Individual is one that in the case of marriage, at least one spouse must demonstrate having minimum essential coverage.
- 9) A Qualified Individual or enrollee is a victim of domestic abuse or spousal abandonment; including a dependent or unmarried victim within a household, is enrolled in minimum essential coverage and seeks to enroll in coverage separate from the perpetrator of the abuse or abandonment.
- 10) A Qualified Individual or enrollee applies for coverage on the Exchange during the annual open enrollment period or due to a qualifying event, is assessed by the Exchange as potentially eligible for Medicaid or the Children's Health Insurance Program (CHIP), and is determined ineligible for Medicaid or CHIP by the State Medicaid or CHIP agency either after open enrollment has ended or more than 60 days after the qualifying event.

**Loss of Minimum Essential Coverage** means in the case of a Member who has coverage that is not COBRA continuation coverage, the conditions are satisfied at the time the coverage is terminated as a result of loss of eligibility (regardless of whether the individual is eligible for or elects COBRA continuation coverage). Loss of eligibility does not include a loss due to the failure to pay premiums on a timely basis or termination of coverage for cause (such as making a fraudulent Claim or an intentional misrepresentation of a material fact in connection with the Plan). Loss of eligibility for coverage includes, but is not limited to:

- 1) Loss of eligibility for coverage as a result of legal separation, divorce, cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the Plan), death of an employee, termination of employment, reduction in the number of hours of employment, and any loss of eligibility for coverage after a period that is measured by reference to any of the foregoing;
- 2) In the case of coverage offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside in a Service Area, loss of coverage because an individual no longer resides in the Service Area (whether or not within the choice of the individual);
- 3) A situation in which an individual incurs a Claim that would meet or exceed a lifetime limit on all benefits; and
- 4) A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes the individual.
- 5) In the case of an employee or dependent who has coverage that is not COBRA continuation coverage, the conditions are satisfied at the time employer contributions towards the employee's or dependent's coverage terminate. Employer contributions include contributions by any current or former employer that was contributing to coverage for the employee or dependent.
- 6) In the case of an employee or dependent that has coverage that is COBRA continuation coverage, the conditions are satisfied at the time the COBRA continuation coverage is exhausted. An individual who satisfies the conditions for special enrollment, does not

enroll, and instead elects and exhausts COBRA continuation coverage satisfies the conditions.

Qualified Individuals that enroll between the first and fifteenth day of the month will have a coverage Effective Date of the first day of the following month. Qualified individuals that enroll between the sixteenth and last day of the month will have a coverage Effective Date of the first day of the second following month.

In the case of birth, adoption or placement for adoption, the coverage is effective on the date of birth, adoption or placement for adoption.

The effective date of coverage for Dependents enrolled due to a Qualified Medical Child Support Order is the first of the month following receipt of the Order or the effective date of the Order, not to exceed sixty (60) days retroactive coverage.

In the case of marriage, or in the case where the Qualified Individual loses minimum essential coverage, the Effective Date is the first day of the following month.

We may provide a coverage Effective Date for a Qualified Individual earlier than specified in the paragraphs above, provided that the

- 1) Qualified Individual pays the entire Premium for the first partial month of coverage as well as all Cost Sharing.

### **Notification of Change of Status**

Any change in a Member's status after the Effective Date of coverage should be reported to Member Services. Changes may also be cause for a change in premiums. Examples include:

- Change in address or contact information;
- Change in eligibility status; or
- Change in tobacco use.

In the event of a change in marital status, that person shall be issued coverage in accordance with Texas statute.

### **Cancellation of Coverage**

A Member's coverage will end under this Contract on the earliest of the following dates when:

- 1) The premium is not received by CHRISTUS Health Plan when due, subject to the Grace Period provision of this Contract.
- 2) After not less than 30 days written notice, the Member no longer resides in the Service Area; except that CHRISTUS Health Plan will not cancel the coverage for a child who is

- the subject of a medical support order because the child does not reside, in the Service Area;
- 3) The Plan or a particular type of individual coverage is terminated; but only if coverage is terminated uniformly without regard to any health status-related factor of enrollees and dependents of enrollees who may become eligible for coverage. We may cancel terminate coverage after 90 days written notice, and must offer each enrollee on a guaranteed-issue basis any other individual basic health care coverage offered by Us in that service area. In case of termination by discontinuance of all individual basic health care coverage by the HMO in that service area, but only if coverage is discontinued uniformly without regard to health status-related factors of enrollees and dependents of enrollees who may become eligible for coverage, the HMO may cancel coverage after 180 days' written notice to the commissioner and the enrollees, in which case the HMO may not re-enter the individual market in that service area for five years beginning on the date of discontinuance at the last coverage not renewed.
  - 4) The Member is no longer a Qualified Individual and eligible for coverage;
  - 5) The Member engages in fraud or intentional misrepresentation of a material fact in the enrollment application, after not less than a 15 days written notice;
  - 6) The Member engages in fraud in the use of services or facilities, after not less than a 15 days written notice;

**Coverage will end on at 11:59 pm on the last day of the month for which premiums were paid. The Member will be responsible for claims paid after the Termination Date.**

We will not pay for any Covered Services provided to a Member or Dependent after the date of termination. Unless We agree, in writing, no Covered Benefits will be provided under this Contract following the date this Contract terminates, including if Your or Your Dependent are or remain in the hospital after the date of termination of this Contract.

#### Conversion of Coverage

Eligible Dependents under this Contract have a right to a conversion to a new Contract upon:

- 1) the death of the Member; or
- 2) Divorce, annulment or dissolution of marriage or legal separation of the spouse from the Member.

The right to conversion does not apply if:

- coverage ends due to non-payment of premium,
- the Dependent is eligible for or enrolled in Medicare.

The Dependent must tell Us of their desire to convert their coverage. We will then send notice of conversion rights. The Dependent must pay the applicable premium within thirty days following receipt of the notice of conversion rights sent by Us.

A Dependent who becomes a Member under the new Contract must continue to reside in the Service Area. Dependents of the Member are not required to reside in the Services Area. The conversion plan will be the same form of coverage then being offered by CHRISTUS Health Plan that the original Member and his/her Dependents had, prior to conversion. Premiums must be paid on time. If the Dependent wishes to enroll on a different benefit plan, he/she may have to reapply for coverage.

## HOW YOUR PLAN WORKS

This section explains how Your Plan works, how to access Your Primary Care Provider to get healthcare, and the rules You must follow when getting care.

The Plan is an “HMO” style plan, which means that You select a Primary Care Provider (PCP) to arrange all of Your care. The Plan also requires that:

- You must live, reside, or work in the Service Area, unless You are a Dependent, and meet all the rules for Coverage in this Contract.
- You must receive healthcare services by our network of Participating Providers. Our network is made of doctors and hospitals that we contract with to provide You medical services. If You do not use Our network of Participating Providers, you may have to pay for the services you receive.
- You may obtain Covered Services from a Non-Participating Provider only when a Participating Provider is not available within the Service Area. To get an Authorization for these Covered Services, Your PCP will submit a referral request to Us. Urgent Care and Emergency Care Services are covered even if the provider is not a Participating Provider.
- You must pay Your Cost Sharing at the time You receive Covered Services. We will pay the Provider the balance due for Covered Services. Your *Schedule of Benefits* has more information on the Cost Sharing requirements.
- Some healthcare services will require Preauthorization to be covered under the Plan. For example, Preauthorization is required for some Hospitalizations (maternity care does not require a Preauthorization) and some types of outpatient care. Your Participating Provider must make sure that Preauthorization is in place when it is needed. Please read the HOW PREAUTHORIZATION WORKS section of this Contract for more details.
- Emergency Care Services and Urgent Care Services outside the Service Area are Covered, but other types of care may not be Covered.

### Primary Care Providers

A good relationship with Your Primary Care Provider (PCP) will help You and Your family make the most of Your Plan benefits. As Our Member, You can select a PCP for Yourself and each Covered Dependent. You may consult Our online Provider Directory by visiting Our website at

[www.christushealthplan.org](http://www.christushealthplan.org), or call Member Services at 1-844-282-3025. We can help You choose a PCP that is a part of Our provider network.

If You do not choose a PCP when you enroll, a PCP near Your home will be selected for You. You do not have to use the PCP We automatically assign to You. Please call Member Services at 1-844-282-3025 to change Your PCP.

PCPs can include family practice physicians; general practitioners; internists; pediatricians; obstetricians and/or gynecologists (OB/GYN). Each Member may choose what type of PCP they prefer. Female Members may choose to have an OB/GYN as their Primary Care Provider, if desired. For female Members who do not choose an OB/GYN as their PCP, no referral is required for services provided from OB/GYN Participating Providers. Female members may also select an OB/GYN in addition to a PCP. Your PCP is responsible for providing Your Primary Care Services. These include annual examinations, routine immunizations, and treatment of non-emergency acute illnesses and injuries.

If You are a new Member and have a medical problem or are on medication, You should contact Your PCP's office. You should arrange for an appointment as soon as possible following Your Effective Date.

### **Specialist as PCP**

Some Specialists may act as a PCP for Members with a severe chronic, disabling, or life threatening medical Condition. This is permitted if the Specialist provides all basic Health Care Services and they are contracted with CHRISTUS Health Plan to perform PCP duties. Contact Member Services at 1-844-282-3025 to find out which Providers serve in both roles.

### **CHRISTUS Health Plan Provider Directory**

Our Provider directory is a list of Physicians, Hospitals, pharmacies, and other Providers that are contracted with Us. The Provider directory is updated regularly.

You can see the online Provider directory on Our website at [www.christushealthplan.org](http://www.christushealthplan.org). You can also call Member Services at 1-844-282-3025 and ask about a Participating Provider.

### **ID Card**

You have been sent a Plan ID card. If more cards are needed, please call Member Services at 1-844-282-3025. Always carry Your Plan ID card with You. The Plan ID card lists some of those benefits to which Members are entitled that may require Copayment amounts. Cost Sharing information can be found in Your the *Schedule of Benefits*.

You are entitled to Plan benefits for Covered Services if all Premiums, Deductibles and Copayment amounts have been paid and You are eligible to get Plan benefits. Possession of a Plan ID card alone does not entitle You to benefits. Do not allow others to use Your Plan ID card. By doing so, You must pay for the services given to the non-Member. In addition, Your Plan Membership and that of Your covered Dependents, may be terminated. Call Member Services at 1-844-282-3025 immediately if Your Plan ID card is lost or stolen.

## **YOUR COST SHARING OBLIGATIONS**

Cost Sharing is the share of the cost that You pay for Covered Benefits under the Plan. The Cost Sharing payments under Your Plan include the Deductible and Copayment amounts for each type of service as listed in Your *Schedule of Benefits*.

### **Annual Deductible**

Certain services are subject to an Annual Deductible. This is the amount a Member must pay each Calendar Year for Covered Services before some Covered Services are paid under this Contract. It is also referred to as the Deductible. Please refer to Your *Schedule of Benefits*.

Not all Covered Services are subject to the Deductible such as most Preventive Services. Your Plan's Copayment amounts do not apply towards Your Deductible. Please refer to Your *Schedule of Benefits* for Your Plan's Deductible amounts and for information about which services are not subject to the Deductible.

Copayments and penalties are not considered when determining if You have satisfied Your Deductible.

### *Per-Person Deductible*

You have an individual Deductible. Once Your individual Deductible has been met, the Plan will pay benefits for Your Covered Services. Refer to Your *Schedule of Benefits* for Your Deductible amount.

### *Family Deductible*

If You have enrolled in family coverage, or coverage for two (2) or more people; Your Plan has a Family Deductible. Some Covered Services will not be eligible for payment by the Plan until either the Per-Person Deductible or the Family Deductible has been met. Amounts paid by any Member in Your family toward their Per-Person Deductible will also apply to the Family Deductible. For example, if the individual Member's Per-Person Deductible is \$500, then up to \$500 per Member can be applied to the Family Deductible. Once the Family Deductible has been met no Per-Person Deductible will apply and We will pay for Covered Services.

### **Changes to the Deductible**

Changes to the Deductible may only be made at renewal.

## **Annual Out-of-Pocket Maximum**

Your Plan includes an Annual Out-of-Pocket Maximum to protect You and Your Dependents from the high cost of a catastrophic event. The Annual Out-of-Pocket Maximum is the most You will pay for Cost Sharing in a Calendar Year for certain Covered Benefits. Please refer to Your *Schedule of Benefits* for the Out-of-Pocket Maximum.

Only Deductibles, Coinsurance, and Copay amounts paid out of Your pocket for Covered Benefits are applied to the Annual Out-of-Pocket Maximum. Once this amount is met then Covered Benefits are paid at 100% for the remainder of the Calendar Year.

Deductibles and Copays amounts paid for vision services that are not Essential Health Benefits do not apply toward this Plan Out-of-Pocket Maximum as well.

Once Your Deductible is satisfied, the Copay payments that You pay for Covered Services will apply to Your Out-of-Pocket Maximum. Amounts or services that do not apply to Your Out-of-Pocket Maximum are:

- penalty amounts;
- premium payments; and
- amounts paid for non-Covered Benefits.

### *Per Person Out-of-Pocket Maximum*

If You have single coverage, You have an Individual Per Person Out-of-Pocket Maximum to meet. Once You have met this amount, Covered Benefits are paid at 100% for the remainder of the Calendar Year.

### *Family Coverage Out-of-Pocket Maximum*

For Members who have family coverage, there is a Family Out-of-Pocket Maximum. Each individual Member's Per-Person Out-of-Pocket Maximum applies until the Family Out-of-Pocket Maximum has been met. Any combination of family Members can contribute toward meeting the Family Out-of-Pocket Maximum. Once the Family Out-of-Pocket Maximum is met, Covered Benefits are paid at 100% for the remainder of the Calendar Year. For example, if the individual Member's Per Person Out-of-Pocket Maximum is \$2,000, then up to \$2,000 per Member can be applied to the Family Out-of-Pocket Maximum. Any remaining amount on the Family Out-of-Pocket Maximum must be satisfied by other family Members.

If You have questions, or wish to report that You have reached Your Out-of-Pocket Maximum, please contact Member Services at 1-844-282-3025.

## **Copayments**

The Copayment or Copay is the amount shown on Your *Schedule of Benefits* that must be paid by You directly to the Provider each time certain Covered Services are received.

Copays may be due for each Service Your Provider conducts, even if You have more than one appointment in the same day. Copays do not apply toward the Deductible and Out-of-Pocket Maximum.

If You are unsure of the benefits covered under Your Plan or the Cost Sharing amounts, please contact Member Services at 1-844-282-3025.

## HOW TO SEEK HEALTH CARE

The Plan has a network of doctors, healthcare facilities, labs and pharmacies. This section of the Contract explains how and where You can get care. Please also refer to the *Schedule of Benefits* attachment to this Contract for specific information.

When You need care:

Contact Your Primary Care Provider (PCP).

- Identify Yourself as a Member. Your PCP may ask for information on Your Member ID Card, so have it ready.
- At the healthcare visit, show Your Member ID Card.

- If necessary, get a Preauthorization from Your PCP for certain Covered Benefits. More information on this is available in the HOW PREAUTHORIZATION WORKS section of this Contract.
- 

Please contact Member Services at 1-844-282-3025 if You have any questions or wish to file a complaint.

### Emergency Care

If You have an emergency, You should call 911, or seek treatment at the nearest emergency facility, whether or not it is a Participating Provider. An emergency is any medical problem that you reasonably believe could cause death or permanent injury if not treated quickly.

If You are able, tell the emergency room staff that You are a Member and provide them Your Member ID Card.

Emergency Care Services may be required to treat an accidental injury or the sudden onset of a medical Condition causing severe symptoms such as new, severe pain. A reasonable layperson would expect the lack of immediate medical attention to result in jeopardy to a Member's health, impairment of bodily functions, serious dysfunction of a bodily organ or part, disfigurement to a person, or for a pregnant woman, serious jeopardy to the health of a fetus.

Emergency Care Services may also be required to treat Conditions that may become more serious or life threatening if not treated promptly, such as severe bleeding, severe abdominal pain, chest pain, a severe eye injury, or the sudden inability to breathe.

If You seek Emergency Care for an illness or injury that You believe requires immediate medical attention, the services will be covered by Your Plan. Emergency Care does not require Preauthorization. However, if Your emergency causes You to be admitted to the Hospital, notification and authorization will be required for Your Hospital Admission.

We will pay the Provider at a rate that We agree upon with the Provider. If You receive a balance bill from a Non-Participating Provider, contact Us.

### **Emergency Care Services at a Non-Participating Provider/Facility**

In an emergency, You should go to the nearest available Provider or Facility. You do not need Preauthorization to get Emergency Care Services from Participating and Non-Participating Providers.

Emergency Care Services You get from Non-Participating Providers will be paid by Us at the maximum amount payable as described below in the section entitled “Costs for Non-Participating Providers”. However, You may be transferred to a Participating Provider for continued care if it is medically wise to do so. You will pay the same Cost Sharing You would pay for a Participating Provider. If You receive a balance bill from a Non-Participating Provider, contact Us.

Make sure You contact Us and We will determine in consult with Your Provider if arrangements should be made to transfer You. If You receive non-emergency follow-up care from an Out-of-Network Provider after You are discharged, You will be responsible for the cost of those services.

Non-Emergency Care Services, such as follow-up care from a prior emergency require Preauthorization from the Plan. If You do not receive Preauthorization for non-Emergency Care Services that require Preauthorization, We will not pay for the services that You receive.

All Inpatient admissions require Preauthorization by Us, except as set forth in Maternity Care. If You are admitted to a Non-Participating or Out-of-Network Facility, You must contact the Plan for Preauthorization. An authorized family member or caregiver should contact Us if You are not able to do so. Preauthorization is needed in order for Covered Services to be paid at the highest benefit level. Upon receiving Preauthorization and admission, a physician other than Your PCP may direct and oversee Your care.

### **Urgent Care**

Urgent Care includes Medically Necessary services provided to treat Urgent Illness or Injury that are not life-threatening but may require prompt medical attention. Care that is needed after a Primary Care Provider’s normal business hours is also considered to be Urgent Care.

Members are encouraged to contact their Primary Care Provider for an appointment before seeking care from another Provider. If the Primary Care Provider is not available and the Condition persists, call the Nurse Advice Line at 1-800-678-4367. The Nurse Advice Line is available

twenty-four (24) hours a day, seven (7) days a week. A Registered Nurse can help You decide the kind of care most appropriate for Your specific need.

A few examples of Urgent Illness or Injury are:

- Sprains or a possible broken bone;
- A cut that may need stitches;
- A rising fever;
- Severe vomiting or diarrhea;
- Ear pain; and
- Flu symptoms.

Urgent Care is not limited to these situations. If You need assistance finding an Urgent Care Provider, please contact Member Services at 1-844-282-3025.

Contact Your PCP for an appointment before seeking care from another Provider. If PCP is not available and the Condition persists, call the Nurse Line toll-free at:

(844) 581-3175

The Nurse Advice Line is available twenty-four (24) hours a day, seven (7) days a week. A Registered Nurse can help You decide the kind of care most appropriate for Your specific need.

### **Office Visits**

Physicians and other Providers who You see in an office setting will provide You with both primary care and specialty care services. These Covered Services may include annual examinations, routine immunizations, and treatment of non-emergency/acute illnesses and injuries. For preventive, routine or specialty care, call or make an appointment with Your Physician or other Provider. Your Provider will arrange for Preauthorization as needed.

If You need a same day appointment or have an Urgent Illness, call Your Physician's office to make an appointment. If Your Provider is unable to see You, You may be offered an appointment with another Physician, Certified Nurse Practitioner or Physician Assistant in his/her group. After hours, Your Physician may offer an answering service.

When You arrive for Your appointment show Your Plan ID card to the receptionist. You may be required to make a Copay before receiving services. If You are unable to keep an appointment, cancel as soon as possible, as missed appointment charges may apply and those charges are not covered under the Plan.

Telemedicine and telehealth services are Covered Services under this Contract at the same level and copayment amounts as other office visits.

### **Ambulance Service**

If you need an Ambulance, call 911 or a local Ambulance service. This service is covered if it is Medically Necessary because of an emergency. The Plan's Medical Director determines this by reviewing Ambulance and medical records.

Non-Emergency Ambulance transport requires Preauthorization from the Plan. If Ambulance services are not Medically Necessary and are not authorized by the Plan, You are responsible for payment.

### **Continuity of Care**

If You are receiving an ongoing course of treatment from a Non-Participating Provider or a Participating Provider whose contract ends during an on-going or active course of treatment, You may be eligible to continue to receive services as though Your Provider was still a Participating Provider. This is called Continuity of Care.

If a Participating Provider/Practitioner terminates from the Plan, We will continue to reimburse the Provider/Practitioner for providing Medically Necessary treatment to a Member with a "special circumstance". "Special circumstance" means a condition regarding which a treating Provider or Practitioner reasonably believes that discontinuing care by that Provider or Practitioner could cause harm to the Member (including without limitation a disability, acute condition, life-threatening illness, or pregnancy).

The Plan will continue to cover Covered Services until the latest of: (a) the 90th day after the effective date of termination from the provider network; (b) if the Member has been diagnosed with a terminal illness at the time of termination, the expiration of the nine-month period after the effective date of the termination; or (c) if the Member is pregnant at the time of termination, through delivery of the child, immediate post-partum care and the six-week follow-up checkup.

### *For New Members*

If You are receiving an ongoing course of treatment with a Provider that is not within the CHRISTUS Health Plan Provider Network, You may be able to receive services from that Provider and have them paid for at the Participating Provider benefit level. Members with certain Conditions may request for Continuity of Care from Us within thirty (30) days of the date of enrollment.

### *For Existing Members*

If Your Provider's contract with CHRISTUS Health Plan ends during Your course of treatment, You may be eligible to continue seeing that Provider. Existing Members with certain medical Conditions may be eligible for Continuity of Care. This transitional period will allow a Member to have continued access to a Provider. You do not need to request for care to be continued since care is coordinated through the Plan.

### **Access to Non-Participating Providers**

If a Covered Service is Medically Necessary and is not available through a Participating Provider, We will refer You to a Non-Participating Provider no more than five business days after receipt of Your request and documentation, or sooner depending on your Condition. We will coordinate the referral. **You must have Our approval before receiving the services, or You will be responsible for payment.**

We will pay the Provider at the usual and customary rate or at a rate that We agree upon with the Provider. You will pay the same Cost Sharing You would pay for a Participating Provider. If You receive a balance bill from a Non-Participating Provider, contact Us.

Before We deny a referral to a Non-Participating Provider, We will ensure that the request is reviewed by a Specialist that is familiar with Your medical Condition and is of the same or similar specialty as the physician or provider on your referral request.

### **Costs for Non-Participating Providers**

The Allowable Charge is the amount that We have determined to be the maximum amount payable for a Covered Service. For Covered Services provided by Non-Participating Providers, the amount payable will be either a rate agreed upon by Us and the Non-Participating Provider, or based upon Our out-of-network fee schedule. Our out-of-network fee schedule is based on generally accepted industry standards and practices for determining the customary billed charge for a service, and fairly and accurately reflects market rates, including geographic differences in costs, and is consistent with nationally recognized and generally accepted bundling edits and logic.

These Non-Participating Providers may not balance bill You for amounts not paid by Us. If You receive a balance bill from a Non-Participating Provider, contact Us.

### **Facility-Based Providers**

A facility-based Provider, non-network diagnostic imaging Provider or laboratory service Provider may not be a Participating Provider. These Non-Participating Providers may balance bill You for amounts not paid by Us. If You receive a balance bill from a Non- Participating or Participating facility-based Provider, contact Us.

## HOW PREAUTHORIZATION WORKS

Under Your Plan, some healthcare services are not Covered Benefits unless You have Preauthorization. This Section explains the Preauthorization process and explains what services require Preauthorization. **This is not a complete list.** You can get information on our website at <https://www.christushealthplan.org/provider-resources/prior-authorization> or by calling Member Services at 1-844-282-3025.

### What is Preauthorization?

Preauthorization is a clinical review process where We review Your case to determine if a service is Medically Necessary and a Covered Benefit before that service is provided to You.

Our Medical Director or other clinical professionals will review the healthcare service, Your medical information, the place of treatment, and other information to decide whether to approve the proposed care.

**Without Preauthorization, the proposed healthcare service may not be covered.**

If You have questions about the Preauthorization process or what services require Preauthorization, please contact Member Services at 1-844-282-3025.

### How Do You Get Preauthorization?

When a Participating Provider recommends care that needs to be Preauthorized, it is up to that Provider to contact Us for the approval. Your Provider is required to notify Us and obtain approval prior to receiving these services. We may need to discuss details of the requested treatment or service with Your Provider.

If You need to obtain Covered Services from a Non-Participating Provider, it is Your responsibility to obtain any necessary Preauthorization for those services. If You do not obtain Preauthorization where it is required, Your care may not be covered by Us.

After Preauthorization has been requested and all required documentation has been submitted, We will notify You and Your Provider if the request has been approved. We will also tell You and Your Provider if continued review of the Member's services will be required during the course of treatment.

To make sure that we have processed a Preauthorization, call Member Services at 1-844-282-3025. Please call at least fourteen (14) days before getting the services. If We do not issue a Preauthorization, the Claim may be denied.

## **How Does The Process Work?**

When We receive a request for Preauthorization, Our clinical staff reviews the request using nationally recognized guidelines. These guidelines are consistent with sound clinical principles and have been developed by the Plan and practicing health care Providers. If guidelines do not exist for a certain service or treatment, resource tools based on peer-reviewed, scientific medical evidence are used.

A Preauthorization will specify the length of time for which it is valid. A Preauthorization may also be for only a certain number of treatments or services. Requests for renewal of an existing Preauthorization may be submitted 60 days prior to the expiration.

## **What Services Require Preauthorization?**

These services need Preauthorization and are subject to the Coverage rules in this Contract:

- All Inpatient Medical Acute Care Hospitalizations, including post-stabilization services, except as set forth in Maternity Care;
- All Inpatient Rehabilitation Hospitalizations;
- All Subacute Facility Admissions;
- All Inpatient Long Term Acute Care Hospitalization;

**This list may not include all services requiring Preauthorization.** If You need help determining if a service requires Preauthorization, contact Member Services at 1-844-282-3025.

### **Preauthorization for Medical Services, Prescription Drugs and Intravenous Infusions**

Preauthorization is needed for certain Prescription Drugs and Intravenous Infusions. Restricted drugs, other prescriptions or intravenous infusion that are not on the *Formulary*, but which are determined to be Medically Necessary and appropriate by the Provider, may be submitted for Preauthorization to the Pharmacy Exceptions Center via fax, phone or mail with appropriate documentation to support Medical Necessity.

If You do not get this approval, Your drug or intravenous infusion might not be covered by the Plan. Please contact Member Services at 1-844-282-3025 for more information.

### **Decisions About Preauthorization's for Medical Services, Prescription Drugs and Intravenous Infusions**

If Our clinical staff is not able to approve Your Preauthorization for clinical reasons or non-formulary drugs, Your case will be referred to Our Medical Director. The Medical Director will look at Your case and review information sent to Us by Your Provider. Our Medical Director may speak with Your Provider for more information.

You and Your Provider will be told in writing or by electronic means if Preauthorization is approved.

You and Your Provider will be told by phone or other means, depending on the services requested, if the request for Preauthorization cannot be approved based on the information We received, or if Your Plan does not cover the service.

#### *Standard/Non-Emergency Care Services*

We will evaluate Standard Preauthorization requests and notify You and Your Provider of our decision no later than 72 hours following receipt of the request.

#### *Expedited/Review of Ongoing Services*

We will evaluate Expedited Preauthorization requests based on exigent circumstances. Exigent circumstances exist when You are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when You are undergoing a current course of treatment using a non-formulary drug. We will make an

Expedited Preauthorization decision and notify You and Your Provider of the decision no later than 24 hours following the receipt of the request.

#### *Expedited Requests*

If Your Condition involves post-stabilization treatment or a life-threatening condition, we will notify You and Your Provider of an expedited decision within the time appropriate to the circumstances relating to the delivery of the services and the condition of the patient, but in no case will the approval or denial exceed one hour of our receipt of a written or verbal request for a Preauthorization.

If Your Condition requires that we make a Preauthorization decision quickly, we will notify You and Your Provider of an expedited decision within 24 hours of our receipt of a written or verbal request for a Preauthorization.

NOTE: Emergency Care and In-Network Urgent Care do not require Preauthorization.

#### **What if a request for Preauthorization for a Medical Service, Prescription Drug or Intravenous Infusion is Denied?**

If You disagree with the decision, You may appeal the decision through the formal Appeals Process; or have Your Provider contact Us to provide more information that may allow Us to approve the request.

If Your request for Preauthorization is denied by Us because the requested services are not Medically Necessary or not otherwise covered by Us because they are not on our formulary, any Appeal of that decision will be decided based on whether the services were Medically Necessary or not. However, if Your provider does not ask for approval or does not provide enough information for Us to review Your request, We may uphold the denial.

#### *Appeal for Standard /Non-Emergency Care Services*

We will evaluate Standard Appeal requests and notify You and Your Provider of our decision no later than 72 hours following receipt of the request.

#### *Appeal for Expedited/Review of Ongoing Services*

We will evaluate Expedited Appeal requests based on exigent circumstances. Exigent circumstances exist when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a non-formulary drug. We will make

Expedited appeal decision and notify You and Your Provider of the decision no later than 24 hours following receipt of the request.

The Appeal will be reviewed by a health care Provider who has not previously reviewed the case and who is of the same or similar specialty as the health care Provider that typically manages the medical condition, procedure, or treatment under review.

If we approve your request for an exception to cover drugs that are usually not covered by the plan, we will treat the excepted drug (s) as an essential health benefit, including by counting any cost-sharing towards your annual limitation on cost-sharing. We will provide coverage of the non-formulary drug for the duration of the prescription, including refills.

### **What if a request for Appeal for a Medical Service, Prescription Drug or Intravenous Infusion is Denied?**

#### **External Review by an IRO**

You, an individual acting on Your behalf, or Your Provider has the right to request an immediate review of Our Appeal decision by an IRO. You do not have to exhaust Our Appeal process before asking for an IRO if the Appeal process timelines are not met or if You are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a non-formulary drug. Our notice of determination of the Appeal will include a form for making a request for an independent review by an IRO. We will send Your request to the Texas Department of Insurance (TDI) within one working day of receiving Your request. ## COVERED BENEFITS

Your Plan offers Coverage for many Health Care Services. This Section gives You the details about Your Covered Benefits and other requirements, Limitations and Exclusions. You must pay Your Copayment, Deductible and certain other charges.

### Specifically Covered

Your Plan helps pay for health care expenses that are Medically Necessary and Specifically Covered in this Contract. Specifically Covered means only those Health Care Services that are expressly listed and described in the Benefits Sections of the Contract. Specifically Covered Benefits and Services are subject to Limitations, Exclusions, Preauthorization and other provisions of this Contract. The Exclusions section lists services that are not Covered Benefits under the Plan. All other benefits and services not listed as Covered in this Section shall be excluded, except for Clinical Preventative Health Services.

We decide whether a Health Care Service or supply is a Specifically Covered Benefit. When Provider prescribes, orders, recommends, or approves a Health Care Service or supply it does not guarantee that it is a Covered Benefit, even if it is not listed as an Exclusion.

### Medical Necessity

Covered Services must be Medically Necessary, except for Clinical Preventative Care Services. Medical Necessity or Medically Necessary means Health Care Services determined by a Provider, in consultation with Us, to be appropriate or necessary, according to applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any other applicable clinical protocols or practice guidelines We develop consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral or mental health Condition, illness, injury or disease.

Experimental, Investigational or Unproven drugs, medicines, treatments, procedures or devices are not Covered.

You must get Preauthorization in order for some services to be Covered Services. The Plan will not pay for any of these services without Preauthorization. Please read the Preauthorization section of this Contract or call Member Services at 1-844-282-3025 for more information about Preauthorization.

Please read Your *Schedule of Benefits* or call Member Services for more information.

## **Specific Covered Benefits:**

### **Accidental Injury (Trauma), Urgent Care, Emergency Care Services, and Observation Services**

#### **Urgent Care**

Urgent Care is Medically Necessary medical or surgical procedures, treatments, or Health Care Services You get in an Urgent Care center or in a Provider's office for a sudden Condition due to illness or injury. Urgent Conditions require prompt medical attention to prevent a serious deterioration in Your health but do not have to be life threatening.

Contact Your Primary Care Physician for an appointment, before getting care from another Provider. Preauthorization is required for follow-up care by a Non-Participating Provider. If You think Your Condition is life threatening, You should seek Emergency Care Services.

#### **Emergency Care Services**

We provide coverage for Emergency Care Services 24 hours per day, 7 days per week, when needed. You should seek medical treatment from a Participating Provider whenever possible. If You cannot reasonably access a Participating Provider, We will arrange to pay the care at a Non-Participating Provider at the Allowable Charge for:

- Any medical screening examination or evaluation required by state or federal law to be provided in the emergency facility of a Hospital that is needed to decide if an Emergency
- Medical Condition exists;  
Necessary Emergency Care Services including treatment and stabilization of an Emergency
- Medical Condition; and  
Services originating in a Hospital emergency facility, freestanding emergency medical care facility or comparable emergency facility following treatment or stabilization of an Emergency Medical Condition as authorized by Us.

Coverage for trauma services and all other Emergency Care Services will continue at least until You are medically stable, do not require critical care, and can be safely transferred to a Participating Provider based on the judgment of the attending Physician in consultation with Us and in accordance with federal law.

We will provide reimbursement when You, acting in good faith, obtain Emergency Care Services for what reasonably appears to be an acute Condition that requires immediate medical attention, even if Your Condition is later determined to not be an emergency.

Preauthorization is not needed for Emergency Care Services. If You are admitted as an Inpatient to a Hospital, You or Your Practitioner needs to notify Us as soon as possible so we can review Your Hospital stay. We will approve or deny coverage of post stabilization care as requested by Your treating Practitioner within the appropriate time, depending on the services requested and Your condition, but in no more one hour from the time of the request.

We will not deny a claim for Emergency Care Services when You are sent to the emergency room by Your PCP or by Our representative. If Your Emergency Care Services results in a hospitalization directly from the emergency room, You are responsible for paying the Inpatient Hospital Cost Sharing amounts rather than the emergency room visit Copayment. Read to Your *Schedule of Benefits* for the Cost Sharing amount.

For Emergency Care Services received from a Non-Participating Provider and/or outside of Texas, You may seek Emergency Care Services from the nearest appropriate facility where Emergency Care Services can be rendered. Non-emergency follow-up care received outside of Texas for Your convenience or preference is not a Covered Benefit.

Follow-up care from a Non-Participating Provider needs Preauthorization. You must pay for charges that We do not authorize.

Whether You require hospitalization or not, You should notify Your PCP or Physician within 48 hours, or as soon as reasonably possible, of any emergency medical treatment so he can recommend the continuation of any necessary medical services.

### **Observation Services**

Observation Services are Outpatient services provided by a Hospital and a Provider on the Hospital's premises. These services may include the use of a bed and monitoring by a Hospital's nursing staff that are reasonable and necessary to evaluate Your Condition, determine the need for a possible admission to the Hospital, or when rapid improvement of the Your Condition is expected.

When a Hospital places You under Outpatient Observation, it is based upon the Provider's written order. To move from Observation to an Inpatient admission, Our level of care criteria must be met. The length of time spent in the Hospital is not the only factor determining Observation instead of an Inpatient stay. Medical criteria will also be considered.

All Accidental Injury (trauma), Urgent Care, Emergency Care Services, and Observation Services whether provide within or outside of the Plan's Service Area are subject to the Limitations listed in the Limitations Section and the Exclusions listed in the Exclusions Section.

Notice given by or on behalf of the Member to Us or to any authorized agent of the Plan, with information sufficient to identify the Member, shall be deemed notice to Us.

### **Claim Forms**

You may call or write to Us to notify Us of a Claim. ### **Claim Submission**

Written Claims must be furnished to Us within 365 days after the date of service. However, in case of a Claim for loss for which We provide any periodic payment contingent upon continuing loss, this Claim may be furnished within 365 days after termination of each period for which We are liable. We are subrogated to all of the rights of the Member against any party liable for the Member's injury or illness; or is or may be liable for the payment for the medical treatment of such injury or occupational illness (including any insurance carrier), to the extent of the value of the medical benefits that may have been paid by Us. We may assert this right without consent from the Member.

This right includes, but is not limited to, the Member's rights under uninsured and underinsured motorist coverage; any no-fault insurance; medical payment coverage (auto, homeowners or otherwise); Workers' Compensation coverage; or other insurance, as well as the Member's rights under the Plan to bring an action to clarify his or her rights under that insurance.

We are not obligated in any way to pursue this right independently or on behalf of the Member, but may choose to pursue Our rights to reimbursement at Our sole discretion.

The Member is obligated to cooperate with Us and its agents in order to protect Our subrogation rights. Cooperation with Us means You will:

- provide Us with any relevant information requested;
- sign and deliver such documents as reasonably requested by Us to secure the subrogation Claim;
- obtain Our consent of the Plan or its agents before releasing any party from liability for payment of medical expenses.

If the Member enters into litigation or settlement negotiations regarding the obligations of other parties, the Member must not prejudice Our subrogation rights. If a Member fails to obtain prior written consent from Us and agrees to a settlement or releases any party from liability for payment of medical expenses, or otherwise fails to cooperate with this provision, including executing any documents required herein, the Member will be required to repay CHP for the value of any benefits that were paid under Us.

If You are in an accident and another person or entity may be legally liable to You, notify the Plan's Subrogation Services immediately at:

Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

Indemnities payable under this contract for any loss other than loss for which this contract provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this contract provides periodic

payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

The Plan may pursue recovery against underinsured/uninsured motorist coverage or medical payments coverage only if the covered individual or the covered individual's immediate family did not pay the premiums for the coverage.

## **COORDINATION OF THIS CONTRACT'S BENEFITS WITH OTHER BENEFITS**

This section of the Contract applies when a person has health care coverage under more than one health plan. "Health plan" is defined below.

The rules in this section govern the order in which each health plan, including this Plan, will pay a claim for benefits. The order process is called "COB."

The health plan that pays first is called the primary plan. The primary plan must pay benefits in accord with its contract terms without regard to the possibility that another health plan may cover some expenses.

The health plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans equal 100 percent of the total allowable expense.

### **Definitions**

(a) A "health plan" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated health for members of a group, the separate contracts are considered parts of the same health plan and there is no coordination among those separate contracts.

(1) Health plan includes:

- group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage;
- individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies;
- individual and group preferred provider benefit plans and exclusive provider benefit plans;
- group insurance contracts, individual insurance contracts and Subscriber contracts that pay or reimburse for the cost of dental care;
- medical care components of individual and group long-term care contracts;
- limited benefit coverage that is not issued to supplement individual or group in-force policies;
- uninsured arrangements of group or group-type coverage;
- the medical benefits coverage in automobile insurance contracts; and
- Medicare or other governmental benefits, as permitted by law.

(2) Health plan does not include:

- disability income protection coverage;
- the Texas Health Insurance Pool;
- workers' compensation insurance coverage;
- hospital confinement indemnity coverage or other fixed indemnity coverage;
- specified disease coverage;
- supplemental benefit coverage;
- accident only coverage;
- specified accident coverage;
- school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis;
- benefits provided in long-term care insurance contracts for non-medical services,
- for example, personal care, adult day care, homemaker services, assistance with
- activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services;
- Medicare supplement policies;
- a state plan under Medicaid;
- a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan; or
- an individual accident and health insurance contract that is designed to fully integrate with other policies through a variable deductible.

Each contract for coverage under (a)(1) or (a)(2) is a separate health plan. If a health plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate health plan.

(b) "This Plan" means, in this section, the part of this Contract providing the health care benefits to which this section applies and which may be reduced because of the benefits of other health plans. Any other part of the Contract providing health care benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with like benefits, and may apply other separate COB provisions to coordinate other benefits.

The "**Order of Benefit Determination Rules**" below determine whether this Plan is a primary plan or secondary plan when a Member has health care coverage under more than one health plan. When this Plan is primary, it determines payment for its benefits first before those of any other health plan without considering any other health plan's benefits. When this Plan is secondary, it determines its benefits after those of another health plan and may reduce the benefits it pays so that all health plan benefits equal 100 percent of the total allowable expense.

(c) "Allowable expense" is a health care expense, including deductibles, and copayments, that is covered at least in part by any health plan covering the Member. When a health plan provides

benefits in the form of services, such as this Plan, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any health plan covering the Member is not an allowable expense. In addition, any expense that a health care provider or physician by law or in accord with a contractual agreement is prohibited from charging the Member is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the health plans provides coverage for private hospital room expenses.
  - (2) If a Member is covered by two or more health plans that do not have negotiated fees and compute their benefit payments based on the usual and customary fees, allowed amounts, or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
  - (3) If a Member is covered by two or more health plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
  - (4) If a Member is covered by one health plan that does not have negotiated fees and that calculates its benefits or services based on usual and customary fees, allowed amounts, relative value schedule reimbursement methodology, or other similar reimbursement methodology, and another health plan that provides its benefits or services based on negotiated fees, the primary plan's payment arrangement must be the allowable expense for all health plans. However, if the health care provider or physician has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the health care provider's or physician's contract permits, the negotiated fee or payment must be the allowable expense used by the secondary plan to determine its benefits.
  - (5) The amount of any benefit reduction by the primary plan because a Member has failed to comply with the primary plan's provisions is not an allowable expense. Examples of these types of provisions include second surgical opinions, prior authorization of admissions, and preferred health care provider and physician arrangements.
- (d) "Allowed amount" is the amount of a billed charge that a health plan determines to be covered for services provided by a non-preferred health care provider or physician. The allowed amount includes both the health plan's payment and any applicable deductible or copayment amounts for which the Member is responsible.

(e) "Closed panel plan" is a health plan that provides health care benefits to covered persons primarily in the form of services through a panel of health care providers and physicians that have contracted with or are employed by the health plan, and that excludes coverage for services provided by other health care providers and physicians, except in cases of emergency or referral by a panel member.

(f) "Custodial parent" is the parent with the right to designate the primary residence of a child by a court order under the Texas Family Code or other applicable law, or in the absence of a court order, is the parent with whom the child resides more than one-half of the calendar year, excluding any temporary visitation.

### **Order of Benefit Determination Rules**

When a Member is covered by two or more health plans, the rules for determining the order of benefit payments are as follows:

- (a) The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other health plan.
- (b) Except as provided in (c), a health plan that does not contain a COB provision that is consistent with this Contract is always primary unless the provisions of both health plans state that the complying plan is primary.
- (c) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the health plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- (d) A health plan may consider the benefits paid or provided by another health plan in calculating payment of its benefits only when it is secondary to that other health plan.
- (e) If the primary plan is a closed panel plan and the secondary plan is not, the secondary plan must pay or provide benefits as if it were the primary plan when a covered person uses a non-contracted health care provider or physician, except for emergency services or authorized referrals that are paid or provided by the primary plan.

- (f) When multiple contracts providing coordinated coverage are treated as a single plan under this section, this section applies only to the health plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the health plan, the carrier designated as primary within the health plan must be responsible for the health plan's compliance with this subchapter.
- (g) If a person is covered by more than one secondary plan, the order of benefit determination rules of this section decide the order in which secondary plans' benefits are determined in relation to each other. Each secondary plan must take into consideration the benefits of the primary plan or plans and the benefits of any other health plan that, under the rules in this section, has its benefits determined before those of that secondary plan.
- (h) Each health plan determines its order of benefits using the first of the following rules that apply:
1. Nondependent or Dependent. The health plan that covers the Member other than as a dependent, for example as an employee, member, contractholder, Subscriber, or retiree, is the primary plan, and the health plan that covers the Member as a dependent is the secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the health plan covering the Member as a dependent and primary to the plan covering the Member as other than a dependent, then the order of benefits between the two health plans is reversed so that the health plan covering the Member as an employee, member, contractholder, Subscriber, or retiree is the secondary plan and the other health plan is the primary plan. An example includes a retired employee.
  2. Dependent Child Covered Under More Than One Health Plan. Unless there is a court order stating otherwise, health plans covering a dependent child must determine the order of benefits using the following rules that apply:
    - A. For a dependent child whose parents are married or are living together, whether or not they have ever been married: (A) The health plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or (B) If both parents have the same birthday, the health plan that has covered the parent the longest is the primary plan.
    - B. For a dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:

- i. if a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the health plan of that parent has actual knowledge of those terms, that health plan is primary for plan years commencing after the health plan is given notice of the court decree;
- ii. if a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of (h)(2)(A) determine the order of benefits;
- iii. if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of (h)(2)(A) determine the order of benefits;
- iv. if there is no court order allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows: (I) the health plan covering the custodial parent; (II) the health plan covering the spouse of the custodial parent; (III) the health plan covering the noncustodial parent; then (IV) the health plan covering the spouse of the noncustodial parent.

C. For a dependent child covered under more than one health plan of individuals who are not the parents of the child, the provisions of (h)(2)(A) or (h)(2)(B) above determine the order of benefits as if those individuals were the parents of the child.

D. For a dependent child who has coverage under either or both parents' health plans and has his or her own coverage as a dependent under a spouse's health plan, (h)(5) applies.

E. In the event the dependent child's coverage under the spouse's health plan began on the same date as the dependent child's coverage under either or both parents' health plans, the order of benefits must be determined by applying the birthday rule in (h)(2)(A) to the dependent child's parent(s) and the dependent's spouse.

3. Active, Retired, or Laid-off Employee. The health plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The health plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the health plan that covers the same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee

does not have this rule, and as a result, the health plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.

4. COBRA or State Continuation Coverage. If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another health plan, the health plan covering the person as an employee, member, Subscriber, or retiree or covering the person as a dependent of an employee, member, Subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other health plan does not have this rule, and as a result, the health plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The health plan that has covered the person as an employee, member, contractholder, Subscriber, or retiree longer is the primary plan, and the health plan that has covered the person the shorter period is the secondary plan.
6. If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the health plans meeting the definition of health plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

### **Effect on the Benefits of this Plan**

(a) When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all health plans are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its health plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all health plans for the claim equal 100 percent of the total allowable expense for that claim. In addition, the secondary plan must credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

(b) If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB must not apply between that plan and other closed panel plans.

## **Compliance with Federal and State Laws Concerning Confidential Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other health plans.

HMS, the Plan's COB contractor, will comply with federal and state law concerning confidential information for the purpose of applying the rules in this section and determining benefits payable under this Plan and other health plans covering the person claiming benefits.

Each Member claiming benefits under this Plan must give HMS any facts it needs to apply these rules and determine benefits.

## **Facility of Payment**

A payment made under another health plan may include an amount that should have been paid under this Plan.

If it does, HMS may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. HMS will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

## **Right of Recovery**

If the amount of the payments made by HMS is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## **CONSUMER EXPLANATORY BOOKLET COORDINATION OF BENEFITS (COB)**

### **IMPORTANT NOTICE**

This is a summary of only a few of the provisions of your health plan to help you understand COB, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in your insurance contract, which determines your benefits.

### **Double Coverage**

It is common for family members to be covered by more than one health care plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When you are covered by more than one health plan, state law permits your insurers to follow a procedure called “coordination of benefits” to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered health care expenses.

COB is complicated and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If your situation is not described, read your evidence of coverage or contact the Texas Department of Insurance.

### **Primary or Secondary?**

You will be asked to identify all the plans that cover members of your family. We need this information to determine whether we are the “primary” or “secondary” benefit payer. The primary plan always pays first when you have a claim. Any plan that does not contain Texas’ COB rules will always be primary unless the provisions of both plans state that the complying plan is primary.

### **When This Plan is Primary**

If you or a family member is covered under another plan in addition to this one, we will be primary when:

#### **Your Own Expenses**

- the claim is for your own health care expenses, unless you are covered by Medicare and both you and your spouse are retired.

#### **Your Spouse’s Expenses**

- the claim is for your spouse, who is covered by Medicare, and you are not both retired.

## **Your Child's Expenses**

- the claim is for the health care expenses of your child who is covered by this plan and:
  - you are married and your birthday is earlier in the year than your spouse's, or you are living with another individual, regardless of whether or not you have ever been married to that individual, and your birthday is earlier than that other individual's birthday. This is known as the "birthday rule"; or
  - you are separated or divorced and you have informed us of a court order that makes you responsible for the child's health care expenses; or
  - there is no court order, but you have custody of the child.

## **Other Situations**

We will be primary when any other provisions of state or federal law require us to be.

### **How We Pay Claims When We Are Primary**

When we are the primary plan, we will pay the benefits in accord with the terms of your contract, just as if you had no other health care coverage under any other plan.

### **When This Plan is Secondary**

We will be secondary whenever the rules do not require us to be primary.

### **How We Pay Claims When We Are Secondary**

When we are the secondary plan, we do not pay until after the primary plan has paid its benefits. We will then pay part or all of the allowable expenses left unpaid, as explained below. An "allowable expense" is a health care expense, including copayments and without reduction for any applicable deductible, that is covered in full or in part by any of the plans covering the person.

If there is a difference between the amount the plans allow, we will usually base our payment on the higher amount. However, if one plan has a contract with the health care provider or physician and the other does not, our combined payments will not be more than the contracted amount. Health maintenance organizations and preferred provider organizations usually have contracts with their providers.

We may reduce our payment by any amount so that, when combined with the amount paid by the primary plan, the total benefits paid equal 100 percent of the total allowable expense for your claim. We will credit any amount we would have paid in the absence of your other health care coverage toward our own plan deductible.

We will not pay an amount the primary plan did not cover because you did not follow its rules and procedures. For example, if your plan has reduced its benefit because you did not obtain

prior authorization as required by that plan, we will not pay the amount of the reduction, because it is not an allowable expense.

- appeal an Adverse Determination to Us;
- to External Review; and/or
- to file a Complaint.

CHRISTUS Health Plan, the Commissioner, independent co-hearing officers, and all others who acquire access to identifiable medical records and information of members when reviewing Complaints shall treat and maintain such records and information as confidential except as otherwise provided by federal and Texas law.

CHRISTUS Health Plan has procedures to ensure the confidential treatment and maintenance of identifiable medical records and information submitted as part of any Complaint.

### **Who Can Help You**

Member Services can help You. If You have a Concern about a person, a service, the quality of Your care, or Your benefits, You can contact the Member Services toll-free at 1-844-282-3025.

Member Services will make every effort to resolve Your Complaint or Concern the first time it is brought to our attention. If the Member Services representative is not able to resolve Your Complaint or Concern, You can file a complaint or appeal.

### **Appeal from an Adverse Determination (Treatment or Service)**

If We find that the requested Health Care Service is not covered by the health benefits plan, We will not address the issue of medical necessity. If We determine that Health Care Services provided or proposed to be provided to You are not Medically Necessary or appropriate or are experimental or investigational, We will notify You, an individual acting on Your behalf and Your Provider of Record, including the Provider who provided the Health Care Service, of Our determination, along with Your right to Appeal the Adverse Determination and the process for

requesting that Appeal. We will always mail or otherwise transmit notice of Our review within the second working day of the request for Utilization Review and We receive all information necessary to complete the review.

An Adverse Determination is a determination by Us that the health care services provided or proposed to be provided are not medically necessary or appropriate, or are experimental or investigational. It does not mean a denial of Health Care Services due to the failure to request prospective or Concurrent Utilization Review.

We will notify You, an individual acting on Your behalf, and Your Provider of Record of an Adverse Determination by telephone or electronic transmission within the time period appropriate to the circumstances relating to the delivery of the Health Care Services and Your condition, but in no case to exceed one hour after the time of the request when denying post-stabilization care subsequent to emergency treatment as requested by a treating Health Care Professional or other Provider or if You are hospitalized, within one working day. If the Health Care Service is denied based on Medical Necessity or because it is experimental or investigational, You are entitled to an Appeal to an independent review by an Independent Review Organization (IRO). If You have a life-threatening Condition, You are entitled to an immediate Appeal to an IRO and are not required to comply with Our procedures for an internal review.

We shall provide You notice of an Adverse Determination for a Concurrent Utilization Review for the provision of prescription drugs or intravenous infusions for which You are receiving health benefits no later than the 30<sup>th</sup> day before the date on which the prescription drug or intravenous infusions will be discontinued.

You, an individual acting on Your behalf, or Your Provider of Record may appeal the Adverse Determination and may ask for an expedited Appeal for emergency care denials, denials of care for life-threatening Conditions, and denials of continued stays for hospitalization. The expedited review will be a review by a health care Provider who has not previously reviewed the case and who is of the same or similar specialty as the health care Provider that typically manages the medical condition, procedure, or treatment under review.

Your expedited Appeal will be completed based on the immediacy of Your Condition, the procedure, or treatment, but in no event will exceed 72 hours from the date that CHRISTUS Health receives the request.

Our determination in an expedited Appeal may be provided by telephone or electronic transmission, but will be followed with a letter within 72 hours after the plan receives the initial telephone or electronic notification. We will provide notification of Our determination through a

direct telephone contact to the individual making the request within 72 hours for an Appeal concerning an acquired brain injury.

If We receive an Appeal, We will send to the appealing party within five (5) working days from receipt of the Appeal a letter acknowledging the date We received the Appeal. Our letter will include a list of relevant documents that must be submitted by the appealing party to Us, and if the Appeal was received orally, a one-page Appeal form to be filled out by the appealing party. Our letter will also include the Appeal procedures and the time frames required for resolution.

In any instances in which the Medical Necessity or appropriateness or the experimental or investigational nature of the Health Care Services is in question prior to issuance of an Adverse Determination, We will afford the Provider of Record a reasonable opportunity to discuss the plan of treatment for You with a Physician. This discussion will include, at a minimum, the clinical basis for Our decision.

After review of the Appeal, We will issue a response letter to You, an individual acting on Your behalf, and the Provider of Record, explaining the resolution of the Appeal as soon as practical, in no case later than 30 calendar days after We receive the Appeal. If the Appeal is for Emergency Care, or denial of a continued stay for Hospitalization, the time frame for resolution will be completed based on the immediacy of Your Condition, the procedure, or treatment, but may not exceed 72 hours from the date that CHRISTUS Health receives the request.

Our response letter will contain a statement of the specific medical, dental, or contractual reasons for the resolution; the clinical basis for the decision; a description of or the source of the screening criteria that were utilized in making the determination; the professional specialty of the Physician who made the determination; notice of the appealing party's right to seek review of the Adverse Determination by an IRO; notice of the independent review process; a copy of a request for a review by an IRO form; and procedures for filing a complaint.

If the Appeal of an Adverse Determination is denied and, within ten (10) working days from the denial, the Appeal denial will be reviewed by a Participating Provider in the same or similar specialty that typically manages the medical, dental or specialty condition, procedure, or treatment under discussion for review of the Adverse Determination. This specialty review will be completed within fifteen (15) business days of receipt of the request.

### **External Review by an IRO**

You, an individual acting on Your behalf, or Your Provider has the right to request an immediate review of Our Appeal decision by an IRO. You do not have to exhaust Our Appeal process before asking for an IRO if the Appeal process timelines are not met or if You have an urgent care

situation. Our notice of determination of the Appeal will include a form for making a request for an independent review by an IRO. We will send Your request to the Texas Department of Insurance (TDI) within one working day of receiving Your request. The TDI will randomly assign Your case to an IRO to conduct an independent review. You will receive a letter notifying you of the IRO that Your case has been assigned to. We will send all applicable records to the IRO. The IRO is required to issue an urgent care decision to Us and You within 72 hours or less from the IRO's receipt of the request for review and provide Us and You written notice of its decision within forty-eight (48) hours of the oral notification. There is no cost to You for the independent review.

### **Retrospective Utilization Review**

If a retrospective Utilization Review is conducted and results in an Adverse Determination, the We will notify You and Your Provider of the Adverse Determination within a reasonable period, but not later than thirty (30) days after the date when the claim was received.

The thirty (30) day period may be extended for another fifteen (15) days if We determine that an extension is necessary due to matters beyond Our control and You and Your Provider are notified of the extension with expected determination date within thirty (30) days of when the claim was received.

If an extension is needed because You or Your provider have to submit information necessary to reach a decision on the request, the notice will specifically describe the required information necessary to make the determination and will give You and Your Provider at least forty-five (45) days from the date of the receipt of the notice of extension to provide the specified information.

### **Complaint Process**

If You notify Us with an oral or written Complaint, We will send You, not later than the fifth business day after the date of receiving the Complaint, a letter acknowledging the date We received the Complaint. If Your Complaint was received orally, We will enclose a one-page Complaint form with the complaint acknowledgement letter. You do not have to return the complaint form, but we ask that You send it back because the form will help Us resolve the Complaint. Our letter will include Our Complaint procedures and time frames for resolution. We will resolve Your Complaint not later than the thirtieth (30th) calendar day after the date. If Your Complaint concerns an emergency or a denial of continued hospitalization, We shall investigate and resolve Your Complaint in accordance with the immediacy of Your Condition, but in no event later than one business day after We receive Your Complaint.

After We have reviewed Your Complaint, We will issue You a response letter that:

- explains the resolution of the complaint,
- states the specific medical or contractual reasons for the resolution,
- states the specialization of any physician or provider consulted, and
- contains a complete description of the process for appealing the decision, along with the deadlines for the appeals process and the deadlines for the final decision on the appeal.

### **Appeals from a Complaint**

If Your Complaint is not resolved to Your satisfaction, You have the right to either appear in person before a complaint appeal panel in a location in which You normally receive Health Care Services or another location to which You find agreeable, or to address a written Appeal to the complaint appeal panel. We will complete the complaint appeal process not later than the thirtieth (30th) calendar day after the date of the receipt of Your request for Appeal. If Your Appeal of a Complaint relates to an ongoing emergency or denial of continued hospitalization, the resolution shall be concluded in accordance with the immediacy of Your case and not later than one business day after Your request for Appeal is received.

### **Composition of Complaint Appeal Panel**

We shall appoint members to the complaint appeal panel, which will advise Us on the resolution of the dispute. The appeal panel will be composed of an equal number of the Plan staff, Physicians or other Providers, and Plan enrollees. A member of a complaint appeal panel may not have been previously involved in the disputed decision. The Physicians or other Providers on a complaint appeal panel must have experience in the area of care that is in dispute and must be independent of any Physician or Provider who made any previous determination.

If specialty care is in dispute, the complaint appeal panel must include a person who is a specialist in the field of care to which the appeal relates. The enrollee members of a complaint appeal panel may not be employees of the Plan.

We shall provide You or Your designated representative within five (5) business days any documentation to be presented to the complaint appeal panel by Our staff; the specialization of any Physicians or Providers consulted during the investigation; and the name and affiliation of each Plan representative on the complaint appeal panel.

You or your designated representative has the right to:

- appear in person before the complaint appeal panel;

- present alternative expert testimony; and
- request the presence of and question any person responsible for making the disputed decision that resulted in the appeal.

Our notice of the final decision on an Appeal will include a statement of the specific medical determination, clinical basis, and contractual criteria used to reach the final decision, along with the toll-free telephone number and address of TDI.

We maintain a Complaint and Appeal log for each Complaint. You are entitled to a copy of the record of Your Complaint and any proceeding relating to that Complaint. If We decide in favor of paying for the Health Care Services, We will provide payment within 45 days after the day of the final decision.
